Judges will be looking for an innovation in the market that has enhanced the safety of the industry.

Examples could include:

- Product or technology innovation that promotes safety;
- Safety practices on a site related to access equipment;
- Innovation or effectiveness in training for operators, managers or others in the industry;
- An initiative by a manufacturer, rental company, end user, trade association or regulatory body that has enhanced safety in a significant way.
- Companies will be judged on achievements undertaken since the start of 2016 onwards.
