These categories are open to rental companies, dealers, manufacturers and contractors/end users. Joint entries involving several companies are welcomed. For both awards we are looking for details of projects carried out or ongoing since the beginning of 2016. We are looking for projects where:

- access equipment was used extensively to increase safety and/or productivity;
- access equipment was used in an innovative or unusual way to solve a problem;
- where access equipment played a major role in the overall success of a project.
